

Molebatsi Moagi - CEO

ABOUT US:

At **Centre for Supplier Development** we assist big corporates to promote, facilitate, support and deliver enterprise and supplier development solutions to all sectors of the community of South Africa.

Promoting, Facilitating and Supporting Black Entrepreneurs

Our strategic intent is to promote, facilitate and support enterprise and supplier development across all sectors of the economy in South Africa, and beyond.

Our Vision

Our vision is to be a catalyst and conduit of supplier development in Africa by providing customised enterprise and supplier development services and solutions to established corporations

Our Unique Selling Proposition

We add value to our clients by promoting local content and facilitating local procurement. We have designed innovative approaches and solutions to establish databases of local community enterprises and the collation of supporting documentation to enable easier classification and grading of enterprises across various market segments and service/products categories.
